Approved response: "The project is under review by our environmental regulators, who are aware of the concerns and are continuing to receive public comment. They are examining carefully the effect on North Carolina communities. At the same time we must recognize the much-needed jobs and energy this project could provide to rural areas of our state."

Can someone please send to WTVD? Thanks.

**Subject:** Pipeline Reaction?

Good afternoon!

Does the governor have any comment concerning this morning's rally that was held across the street from the Governor's Mansion?

The protestors are trying to bring attention to the proposed Atlantic Coast Pipeline, and calling on Gov. Cooper to "protect the rivers and watersheds that could be affected by the proposed pipeline."

Thanks,
